

VISION. MISSION. VALUES.

OUR VISION

We complement our customers' products with packaging solutions that prioritize function, presentation and sustainability.

OUR MISSION

We are dedicated to developing and producing primarily standardized packaging solutions for niche markets. In the tooling, medical and engineering markets, we strive to continually improve our competitive position. We shape progress and quality on the basis of our corporate values. A safe working environment, modern work equipment and continuous improvement are prerequisites for this. Our actions are driven by social and ecological responsibility.

OUR VALUES

CURIOUS

We are curious about change, but we also hold on to the tried and tested.

PASSIONATE

We are driven by enthusiasm and perseverance.

RESPONSIBLE

We are responsible for what we do, but also for what we don't do.

PARTICIPATING

We offer creative freedom and encourage teamwork.

HONORABLE

We stand by our word and act according to it.

APPRECIATIVE

We believe that appreciating each other is fundamental.

TRUSTFUL

We have confidence in our abilities and our team.

COLLABORATIVE

We combine our strengths and share what we achieve.
