

## Plastic Case RoseCase ProTec

**Exclusive plastic case designed to perfectly protect your product**

### Material

→ Polypropylene (PP)

### Product Range

→ standard colors: cover/base in black and transparent; closures in black and red

→ RCPT 105: cover with integrated closures; color of closures corresponds to the color of the cover

→ additional colors and color combinations upon request

### Production environment

→ industrial standard

## Product features RoseCase ProTec

→ Top quality and technically designed case prevents case shells from bending or twisting

→ extremely adaptable to specific market or product requirements through numerous color combinations and various options of interior design - including plain, convoluted, or die-cut foam inserts

→ lids and bases can be custom printed or embossed with company logo

→ with polished surface label area

→ optional transparent lid provides ideal product visibility

→ Strong and durable 180° opening closures

→ concealed hinges and sturdy, cleverly integrated feet

→ special location points provide safe stacking and storage

→ numerous secondary uses

The proof of the suitability of the packaging in combination with the medical device to be packed must be provided by the manufacturer.
